

Farm

Sensory Bottle

You will need:

Hay (about a handful)

1 cup soil

1 cup popping corn

Small toy farm animals (optional)

Container with a lid

Strong glue

Sticky tape

Method

1. Leave the soil out until it is completely dry.
2. Add the dried soil, hay and popcorn to the bottle.
3. If you have any toy farm animals small enough to fit in the bottle, add these too.
4. Glue around the lid of the bottle and twist it into place. Allow time for the glue to dry.
5. Tape around the lid of the bottle with the sticky tape.
6. The bottle is now ready for the children to explore.
