

Remote Learning Information for School Closure

How will remote learning be set while the school is closed during lockdown 3.0?

We will provide remote learning for your child to complete at home via **Google Classroom**. **This new platform is for children in Year 1 – Year 6**. We will aim to use this in a similar way to learning we set during Covid-19 lockdown 1.0, setting daily English, Maths and Topic tasks. This new system will give us a more effective way of communicating with your child and will give us the ability to provide your child with individual feedback.

The Google Classroom does not require you to have a laptop or computer device and can very easily be used using any smartphone, tablet or android device.

Your child will have already been assigned a username and password for their school G-Suite. They will need this to access their Education account. All usernames and passwords will be attached to your child's yellow log (this may be found in their Autumn Term yellow log).

If you have not done so already you will need to follow the following instructions to activate your child's google classroom account and set this up on a device of your choice.

Smartphones and tablets: download the free Google Classroom app

Android devices	iOS devices (iPhones, iPads, and iPods)
<ul style="list-style-type: none">• Open the Play Store app• Search for 'Google Classroom'• Tap 'Google Classroom'• Tap 'install'	<ul style="list-style-type: none">• Open the App Store app• Search the 'Google Classroom'• Tap 'Google Classroom'• Tap 'Get'

Once the app has downloaded, open it.

Then, your child needs to:

- Log in to their G Suite for Education Account.
- Tap the '+' icon (in the top right corner), then 'Join Class'
- Enter the class code that their teacher has provided, then tap 'Join'

Computers and laptops: log in to Google Classroom

Your child needs to:

- Go to www.classroom.google.com
- Log in to their G Suite for Education Account
- Click the '+' icon (in the top right corner), then 'Join Class'.

Please then follow the below instructions for accessing and submitting completed work.

How to get and hand in work (computers and laptops)

Your child needs to:

- Go to Google Classroom (see link above)
- Click their class
- Click 'Classwork'
- Click on an assignment, then 'View Assignment'
- On the right-hand side of the page, click 'Add or Create'. Follow their teacher's instructions on how to complete their work.

- Once they've finished, click 'Turn in', on the top right hand side of the page

Made a mistake? Click 'Unsubmit' to return the work, and follow the last two steps to resubmit.

How to hand work in (mobile devices – Android or iOS)

Your child needs to:

- Open the Google Classroom app
- Tap on their class, then 'Classwork' (at the bottom)
- Tap on an assignment, then the arrow at the bottom
- Tap 'Add attachment'. Follow the teacher's instructions on how to complete their work
- Once they've finished, tap 'Hand in' again to confirm.

Made a mistake? Click 'Unsubmit' to return the work, and follow the last two steps to resubmit.

Returned work

The children can find their returned work by following the steps below:

On a computer or laptop

- Go to Google Classroom, then click 'Classwork'
- Click 'View your work'
- Click 'Returned with grade' on the left hand side

On a mobile device (Android or iOS)

- Open the Google Classroom app
- Tap on their class, then 'Classwork'

Once they've found the assignment, click or tap any attached files to see the teacher's feedback.

This new Remote Learning platform will allow you to either access and complete your learning on a laptop or computer if your child has access to this, or you will be able to follow the class teacher's instructions off your phone or laptop screen, completing your work on paper, and then take photos of this to upload, to then send back to your class teacher.

My child is in Foundation Stage, how will they access Remote Learning?

All children in our two reception classes will continue to access learning through Tapestry. Teachers will set daily learning activities and will continue to communicate with you via this platform.
